

In Partnership with Rosie Dane Dog Training of Louisville KY,
Tyler Ohlmann Owner and Trainer

Sam Russell's Classes will start Thursday July 16, 6:30PM

Our adult curriculum gets you remarkable control over your dog and generally improves their attitude and behavior favorably. Even dogs without serious issues benefit greatly from training and you can guarantee their safety when you have more control. We hold off-leash reliability as our definition of "control".

The group format replicates the kind of distraction a dog encounters in the real world. And these classes aren't PetSmart; EVERYONE has control and they run smoothly. We have REAL solutions to REAL problems. Your dog is exposed to many different people and many different dogs. We target manners and true control in real scenarios.

Many folks are concerned with the first group class, as it is typically hectic and poorly handled by other training styles. In our classes, the first lesson is held without dogs and everyone is introduced to how we train and why we train the way we train. Everyone is given homework to prepare their dog (and themselves) for a group environment, so that everyone enters with control, no matter the baggage they bring to the table. The first group lesson is free and if you don't like what I have to say or don't think you'd like to move forward, you don't owe me a dollar.

That's what you're signing up for with this orientation.

We're training you how to train your dog the way we would train them. It's a course for both you and your dog, where we teach them right from wrong and instill good character traits in the context of classic obedience. It's not about the Sit, Down, or Stay, it's about what the dog learns through the process of being taught; self control, attentiveness, patience, discipline, confidence, submissiveness, etc. It's those traits that we're after when we train a dog.

This is a homework intensive course, but the journey to accomplishing a true human/dog bond is a fun one.

Class is divided into two 5 week courses with a mid term after the first 5 weeks. Those

that pass the midterm will be eligible to go into the off leash portion of our classes..

At the end of training, your dog should be able to perform the following exercises on or off leash in any environment in which it's permissible to take a dog:

Heeling: loose-leash walking "at Heel"

Sit Stay: to wait patiently for your return

Down Stay: to wait patiently for longer periods

Stand For Examination: to stand still for strangers to pet, groomers to groom, or veterinarians to vet, not to mention everyday grooming needs.

Recall: Coming when called.

These exercises conform to the AKC Companion Dog standards and If your dog passes all exercises will receive the Canine Good Citizen certificate. In addition to these formal, measurable exercises executed at a high level, you'll also be instructed on good manners, household "pack management", and problem solving tactics.

Cost of \$260 for the lessons is due after the orientation.

All dogs of all ages, backgrounds, breeds, baggage, and sizes are welcome in this class.

*All dogs should be at least 4 months old and up to date on vaccinations upon the class start date

**Both handler & dog should be reasonably fit/active without health issues

***This class is held outdoors, so dress appropriately for the weather conditions during class!

A chain collar, 6 ft and 15 ft leads, no retractable, are required for class. You may bring your own or purchase at Sam Russell's.

All dogs must have a rabies, DHLPP, Bordetella, and flu vaccine. The dogs do not have to be spayed or neutered. Please have the vet fax your dog's shot record to Sam Russell's before the orientation class. Sam Russell's will also need a client form filled out and submitted. These 3 forms can be found on
